Introducing the Mahogany! This 2-story home has 3 bedrooms, 2.5 bathrooms, and approximately 2,176 square feet. There is so much to love about this home! The main floor has a flex room that is the perfect spot for a home office, as well as a powder bath, and open concept living room, dining room, and kitchen. The kitchen has a spacious pantry, and is near the mudroom that connects to your garage, making bringing groceries inside a breeze! Upstairs, you will love the large loft, 2 secondary bedrooms, bathroom, and spacious owner's suite with attached 4-piece bathroom and walk-in closet. Best of all, this home has an optional basement, that when finished, adds an additional bedroom, bathroom, and rec room. Call us today to learn more! Prices, plans, and terms are effective on the date of publication and subject to change without notice. Depictions of homes or other features are artist conceptions. Hardscape, landscape, and other items shown may be decorator suggestions that are not included in the purchase price and availability may vary.

All square footage is approximate. Renderings are artist's conceptions and may vary slightly from the actual home. Homes may be built in reverse of plans shown, depending on site conditions. Minor architectural changes may be made occasionally at the option of the builder. Please contact your Sales Consultant for details.
