Step into luxury at 5343 Sidewinder Dr. located in Colorado Springs, CO., a thoughtfully designed single-family home that caters to the needs of modern living. This energy-efficient new home boasts an array of unique features that set it apart in the new home market. Key Features First Floor Design: This beautifully designed two-story home offers the perfect blend of space, comfort, and functionality. Featuring four spacious bedrooms, there's plenty of room for family and guests alike. The expansive main level includes a large living area, dining space, and an open kitchen—ideal for both everyday living and entertaining. Spacious Living: Moving beyond the relaxing room, the open living space seamlessly connects the family room, dining area, and kitchen. Second Floor Living: Heading upstairs, you'll find three spacious bedrooms, each offering comfort and privacy. Additionally, the upper level features a conveniently located laundry room, making it easier to keep up with household chores. The spacious loft adds even more value to this home. It serves as a versatile space that can be used as a playroom, home office, or reading nook—tailoring it to suit your unique lifestyle needs. Garage: This home comes with a spacious 2 car garage. Exterior of Home: Outside, the fully landscaped and fenced yard offers privacy and curb appeal, complemented by a welcoming covered front porch—perfect for relaxing and enjoying the surroundings.
