Meet the Harding: 1,324 Sq. Ft. of Smart, Single-Story Living Comfort, functionality, and thoughtful design come together in the Harding floorplan by View Homes. Offering approximately 1,324 sq. ft., this single-story home features 3 bedrooms, 2 bathrooms, and a 2-car garage, giving you the space you need without wasting a square foot. From busy mornings to laid-back evenings, the Harding is designed to make everyday living feel easy. An Open Layout Made for Everyday Life Step inside to a bright, open-concept living space where the great room, dining area, and kitchen flow naturally together. Whether you're hosting friends, enjoying dinner at home, or settling in for a quiet night, the Harding keeps everyone connected while still giving each space its own purpose. Three Bedrooms with Room to Make It Yours With three comfortable bedrooms, this floorplan gives you flexibility for whatever life looks like today—and whatever comes next. Create a welcoming guest room, a productive home office, a nursery, or simply enjoy the extra space. Two Bathrooms for Added Convenience With two full bathrooms, the Harding makes daily routines easier and provides added privacy and convenience for homeowners and guests alike. Single-Story Simplicity Everything you need is located on one thoughtfully designed level. With approximately 1,324 sq. ft., the Harding offers an efficient layout that feels comfortable, functional, and easy to maintain. Two-Car Garage An attached 2-car garage provi
